

HALUMIERE DE KAHLESS

After a violent clash with his sister J'ula, T'Kuvma is a Klingon without a house. But while J'ula keeps the family name and fortune,
I'Kuvma gets the bones of their ancestors... and the ancestral ship. Now, he goes out into the stars to build a new house for
himself and any other Klingon who believes in what the empire was, and what it could be again.
